Where Two Worlds Settle into One

Dear Resident,

I have been waiting.

For your quiet mornings. For your weekends with friends and family over for softly lit dinners.

I have been waiting for you. For the chance to make a home out of four walls and a roof.

For the deep satisfaction that settles within you when you're on your way back from work, from a long trip, from anywhere because you know you're heading home.

I have been waiting to be part of your every day. To build with you something that would last.

Yours sincerely,

Hermína

THE MESSENGER

Hermina is a place where the sea brings calm,
and the city stays within reach.

Inspired by Hermes, the mythological messenger
who moved between the divine and mortal realms,

HAS ARRIVED

Hermina is designed to be a bridge
between contrasts.

*Between movement
and stillness...*

*Between the grounded
and the elevated.*

An aerial photograph of a large, artificial island in Dubai, United Arab Emirates. The island is characterized by its lush greenery, including a prominent golf course with several green fairways and sand traps. A winding road or path cuts through the landscape. In the lower portion of the image, a cluster of modern, multi-story residential buildings with light-colored facades is visible, surrounded by landscaped gardens and parking areas. The island is bordered by deep blue water, and the overall scene is captured from a high-angle perspective, emphasizing the island's unique shape and development.

A woman with long dark hair, wearing a wide-brimmed straw hat, dark sunglasses, and large hoop earrings, stands on a rooftop terrace. She is wearing a blue two-piece outfit consisting of a crop top and a long, flowing skirt, paired with silver high-heeled sandals. She is leaning against a glass railing, looking towards the camera. The terrace has a light-colored stone floor. In the background, a vast blue ocean stretches to the horizon under a clear sky.
