06 GALLERY

A photograph of a modern architectural wall. The wall is composed of large, light-colored panels with vertical lines. A horizontal band of warm, white light is visible near the top. In the foreground, a small, slender tree with green foliage stands in a planter box. The planter box is filled with green grass and is illuminated from below, creating a warm glow. The overall scene is minimalist and contemporary.

CUBIX RESIDENCES

CUBIX RESIDENCES

Qube Developments doesn't just create trailblazing building solutions, we craft homes in which life can truly be lived. Creatively engineered to elicit the utmost in alluring style, comfort and quality of living, our properties take a holistic view in exceeding everyday expectations.

This means going above and beyond not just in imbuing each home with our core values - of groundbreaking sustainable architecture, stunning design and next-level amenities - but in creating thriving communities in the heart of Dubai. With bespoke offerings including high-tech systems implemented as standard, we've elevated the concept of home to whole new heights.

Within the commercial and residential hub of Jumeirah Village Circle, Cubix Residences provides interconnectivity matched by serenity, convenience and a family-friendly focus. Discover a premium lifestyle imbued with unleashed possibility.

Discover Cubix Residences.

The background is a solid teal color with a subtle, high-contrast pattern of palm fronds. The fronds are dark teal and fan out across the image, creating a textured, organic feel.

A modern, minimalist lobby interior. The central feature is a large, dark, angular reception desk with the text "CUBIX RESIDENCES" on its front. The desk is set against a wall of light-colored vertical panels, some of which are backlit. Several horizontal light fixtures are mounted on the wall and ceiling. To the left of the desk is a dark, geometric sculpture. To the right is a tall potted plant and a dark, rectangular planter. The floor is a light, polished material that reflects the ambient light.
