

DRAFT DOCUMENT
STRICTLY FOR INTERNAL USE ONLY

PROJECT PERFORMER *AKON*

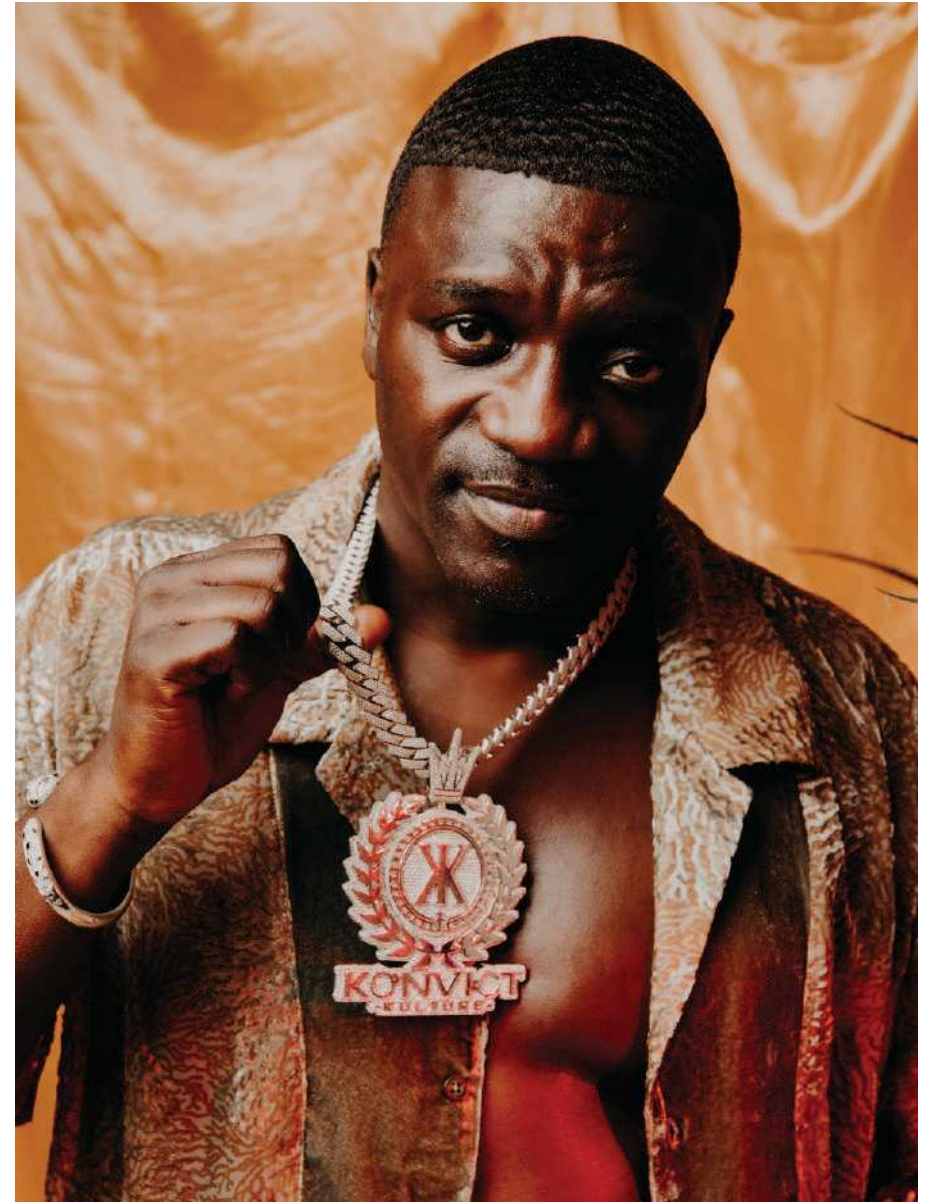

At our grand launch event, we were honoured to welcome legendary global music icon Akon as our distinguished guest.

The world-renowned American R&B star known for chart-topping hits such as “Lonely,” “Smack That,” and “Right Now” has earned multiple international awards and remained a dominant force on global music charts for years. His live performances are celebrated at major world-class events, admired for his unmistakable voice and extraordinary command of the stage.

His presence at our launch marked more than a performance; it was a bespoke, world-class audiovisual experience created exclusively for our esteemed guests.

A moment of shared prestige with a global superstar elevating the launch into a truly iconic gathering for the region’s most discerning audience.

*Draft document strictly for internal use only.

PROJECT PARTNER *Rio Ferdinand*

In partnership with Rio Ferdinand, former England captain and one of football's most visionary athletes turned entrepreneur LEOS Royal brings together performance intelligence, elite wellness and sustainable living at the highest level. With his guidance, the community's sport, recovery and living spaces have been shaped by winning discipline, holistic well-being and a seamless integration of nature and technology.

Looking ahead, we share a unified ambition: to build the future together. A future where Dubai's vision of innovation, longevity, and sustainable progress becomes a lived experience. A future where LEOS and Rio combine design, technology, and human performance to shape communities that inspire stronger lives, smarter choices, and a deeper connection to the world we leave for the next generation.

PROJECT PARTNER *Jason Derulo*

In partnership with Jason Derulo, a global performer, creative entrepreneur, and forward-thinking innovator, LEOS Royal enters a new era of intelligent living. His vision and leadership elevate the project, guiding a community shaped by performance, digital creativity, and an advanced approach to modern lifestyle design. Through his influence, every aspect of the development reflects precision, purpose, and a seamless connection between people and the world around them.

Together, we share a focused ambition to build the future. A future where AI innovation reshapes the real estate landscape globally, creating communities that are smarter, more intuitive, and deeply connected. A future where LEOS and Jason unite design, technology, and human potential to set new benchmarks for sustainable progress and redefine how communities live, thrive, and evolve.

The background of the entire page is a high-quality photograph of light reflecting on a liquid surface, likely water. The light creates a series of bright, flowing, and somewhat abstract patterns that resemble liquid light or ripples on a calm body of water. The colors are various shades of blue and white, with the light reflecting off the surface in a way that creates a sense of depth and movement. The overall effect is serene and elegant, perfectly complementing the theme of the text.

VISION WHERE *THE FUTURE* REFLECTS

The future does not rise. It unfolds softly, like light on water.

LEOS ROYAL is a vision shaped by reflection, a place where architecture listens, where water breathes, where every surface holds a moment of tomorrow. It is not built to impress, but to express: serenity, clarity, and the quiet power of presence.

Here, progress is no longer noise; it is resonance. The city's rhythm slows, and life begins to move in light.

LEOS ROYAL

PHILOSOPHY

THE ART

OF REFLECTION

The world moves fast. LEOS ROYAL moves deep.

Its philosophy is drawn from the meeting of two elements, water and light, each alive, each impossible to contain. Canals weave through the masterplan like veins of calm. Rainfall becomes ritual, waterfalls become language, and reflection becomes the architecture of emotion.

To live here is to inhabit the space between motion and stillness, to find beauty not in what stands out, but in what endures.

*Draft document strictly for internal use only.

LD
LEOS ROYAL

DESIGN AND ARCHITECTURE *BEYOND* FORM

This is not architecture you observe. It is architecture that responds to sun, to shadow, to you.

Every line at LEOS ROYAL has been drawn with intention. Curves flow like the desert wind. Glass captures the shimmer of dawn. Each villa, each public space, is a sculpted dialogue between structure and silence.

Water is not decoration. It is material. Rain cools the air. Waterfalls breathe light into stone. The community itself becomes a living organism flowing, adapting, alive.

WELLNESS AND COMMUNITY

A SANCTUARY FOR THE SENSES

Wellness here is not confined to a spa or studio. It is the air you breathe, the light that surrounds you, the rhythm of a world in balance.

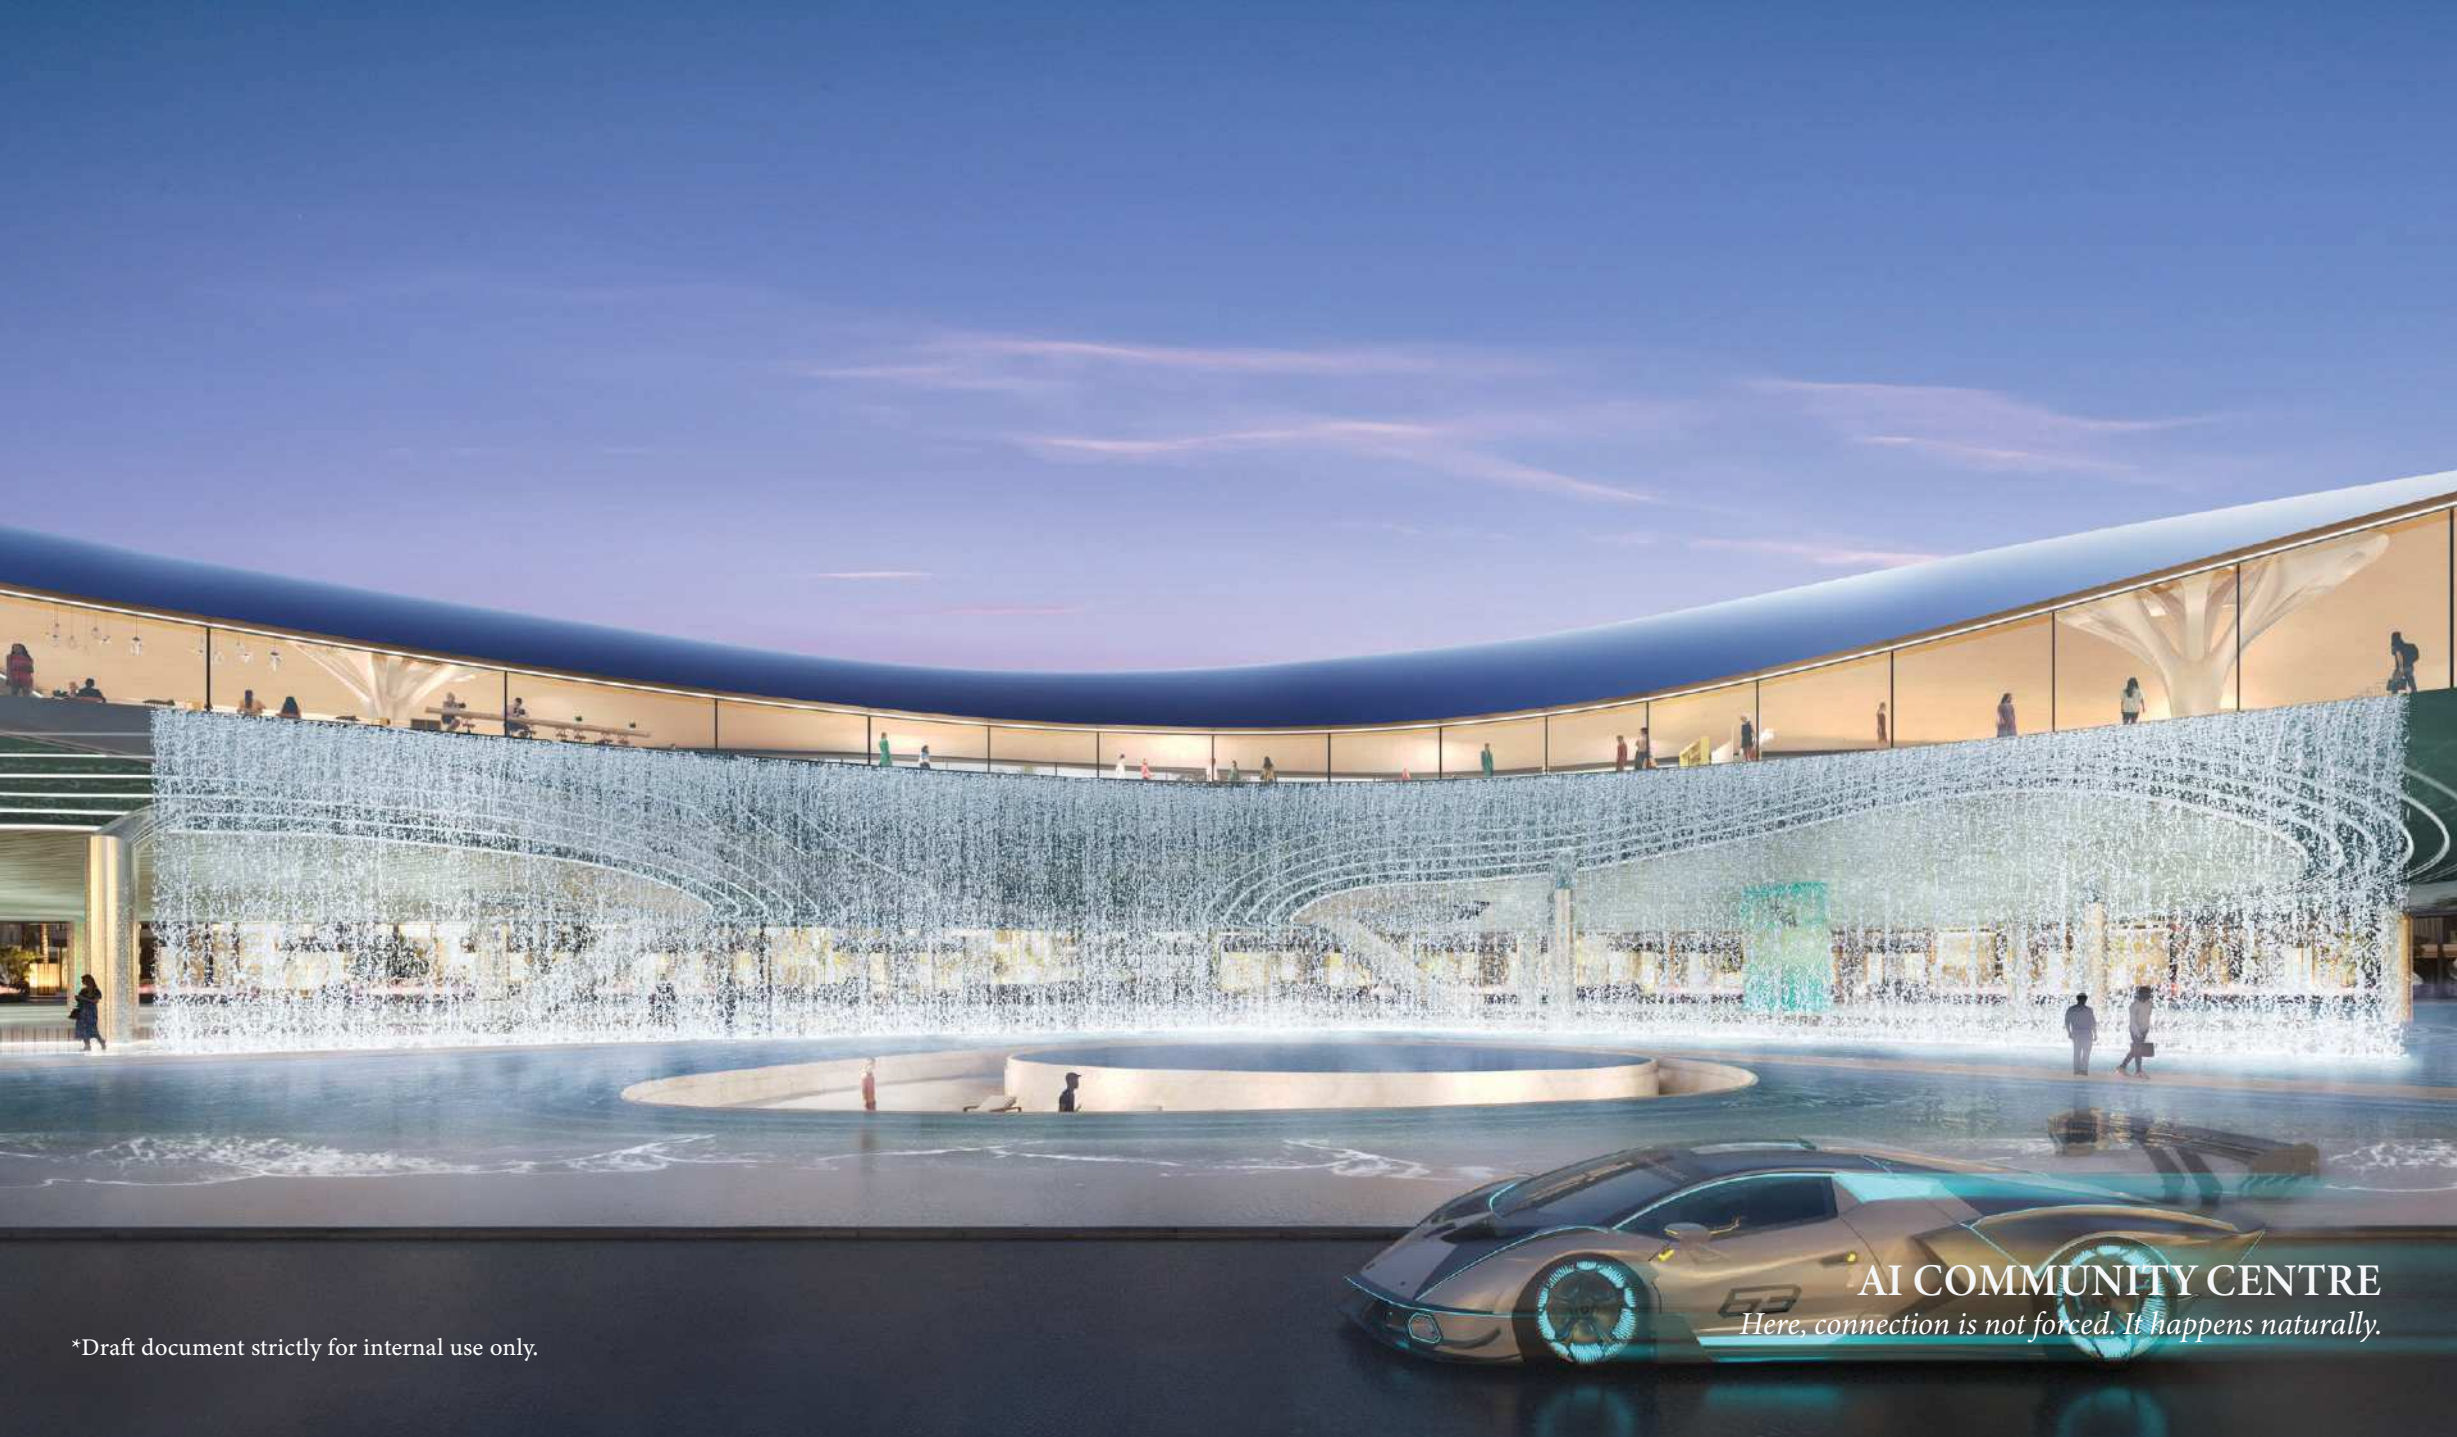

Walk beside reflective canals at dawn. Breathe in the mist that drifts from falling water. Find silence beneath the movement of rain.

At LEOS ROYAL, spaces do not demand energy. They return it to you. Every step restores, every moment renews. This is living as harmony — elegant, effortless, eternal.

COMMUNITY AMENITIES *CONNECTION* THROUGH DESIGN

A community shaped not by walls, but by openness.

*Draft document strictly for internal use only.

The background is an abstract, flowing blue liquid surface with white highlights and ripples, creating a sense of movement and depth. The colors range from light sky blue to deep navy blue, with bright white highlights where the liquid reflects light.

The heart of LEOS ROYAL beats softly. It hums in the laughter echoing across the clubhouse terrace, in the footsteps tracing bridges over silver water, in the quiet exchange of glances at the café by the canal.

Here, connection is not forced. It happens naturally. Retail promenades flow into gardens; educational spaces open into the landscape. Wellness, play, and reflection are woven seamlessly together.

Where space, sound, and light gently evolve to match your mood.

STRATEGIC LOCATION *PERFECTLY CONNECTED* PEACEFULLY APART

16 Minutes from Downtown Dubai and Dubai International Airport.
Connected directly to Al Ain road, yet quietly removed from its pace.

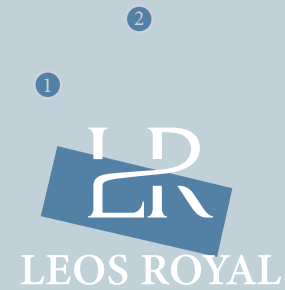

LEOS ROYAL sits at the edge of movement, close enough to feel the
city's pulse, far enough to hear your own heartbeat.

From here, the skyline glimmers like a memory, and the horizon feels
infinite once more.

LEOS ROYAL

MASTERPLAN

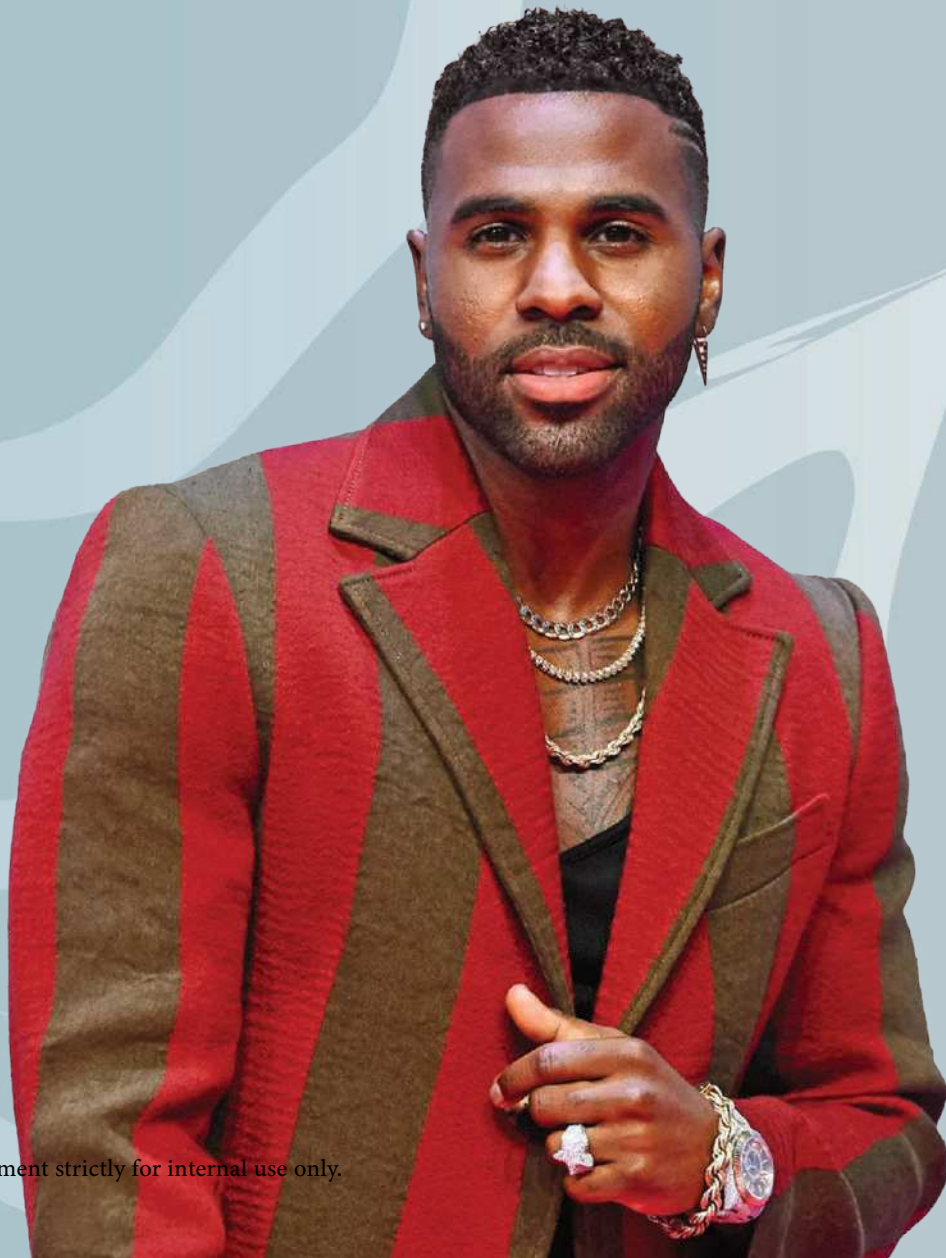

A *LIVING* CANVAS

Villas and townhouses form a constellation of calm. Each home mirrors the next not in shape, but in spirit fluid, reflective, alive.

Waterways thread through the landscape, tracing silver lines that catch the light of dawn. Public spaces open like courtyards of air; paths curve like thought.

From above, the masterplan resembles art in motion a choreography of geometry, nature, and reflection.

This is a community that doesn't simply exist in time. It creates its own rhythm.

JASON DERULO

PROJECT PARTNER

One of the world's most influential global performers, with over 42 million followers on YouTube and more than 38 million on Instagram. His chart topping hits, futuristic creativity, and powerful stage presence have earned him billions of streams and a fanbase that reaches every corner of the world. By partnering with LEOS Royal, he brings unmatched star power to the community, blending luxury living with artistic innovation and modern technology. It creates a lifestyle shaped by global culture, high energy creativity, and the influence of a true international icon.

RIO FERDINAND

PROJECT PARTNER

One of the world's most respected football icons, a six time Premier League champion, Champions League winner, and former England captain whose influence reaches far beyond sport. With 1.5 million followers on YouTube and more than 6.6 million on Instagram, he commands a global audience that looks to him for leadership, performance insight, and modern wellness inspiration. His partnership with LEOS Royal brings a powerful blend of credibility, discipline, and future focused living to the community, shaping spaces built around intelligent wellbeing and long term human performance. Residents connect with the mindset of a true international figure whose career embodies excellence, resilience, and continuous growth.

AKON

PROJECT PERFORMER

One of the most influential global music icons of the modern era, a multi platinum artist and visionary producer whose sound has shaped international R and B and pop culture. With over 16 million followers on YouTube and more than 11 million on Instagram, his global reach spans every continent and his music continues to attract billions of streams worldwide. His involvement with LEOS Royal elevates the project's international presence, aligning the community with world class talent and creative excellence. Akon's legacy of innovation, cultural impact, and global resonance reinforces LEOS Royal as a destination where artistry, technology, and elevated living come together at the highest level.

INTERIOR THE *LIGHT* WITHIN

*Inside each home, light takes form. It moves across stone and glass
like water, softly shaping every surface, every silence.*

Spaces unfold in rhythm open, fluid, calm.

Textures breathe. Materials speak in whispers of reflection and warmth: pale timber,
brushed metal, silk, and air. Nothing shouts. Everything resonates.

Here, luxury is not seen it is felt.

A quiet dialogue between serenity and design, between who you are and how you live.
