Hybrid Destination control system by KONE

KONE's high speed touchless hybrid destination control system is equipped with smart boarding feature that organizes and directs the passenger to specifically allocated elevator in order to achieve uncrowded elevators and fewer stops.

Touchless systems

Considering the heightened health concerns, Me Do Re is equipped with pandemic ready touchless automated doors,touchless elevators and touchless access for amenities and use of common area toilets.

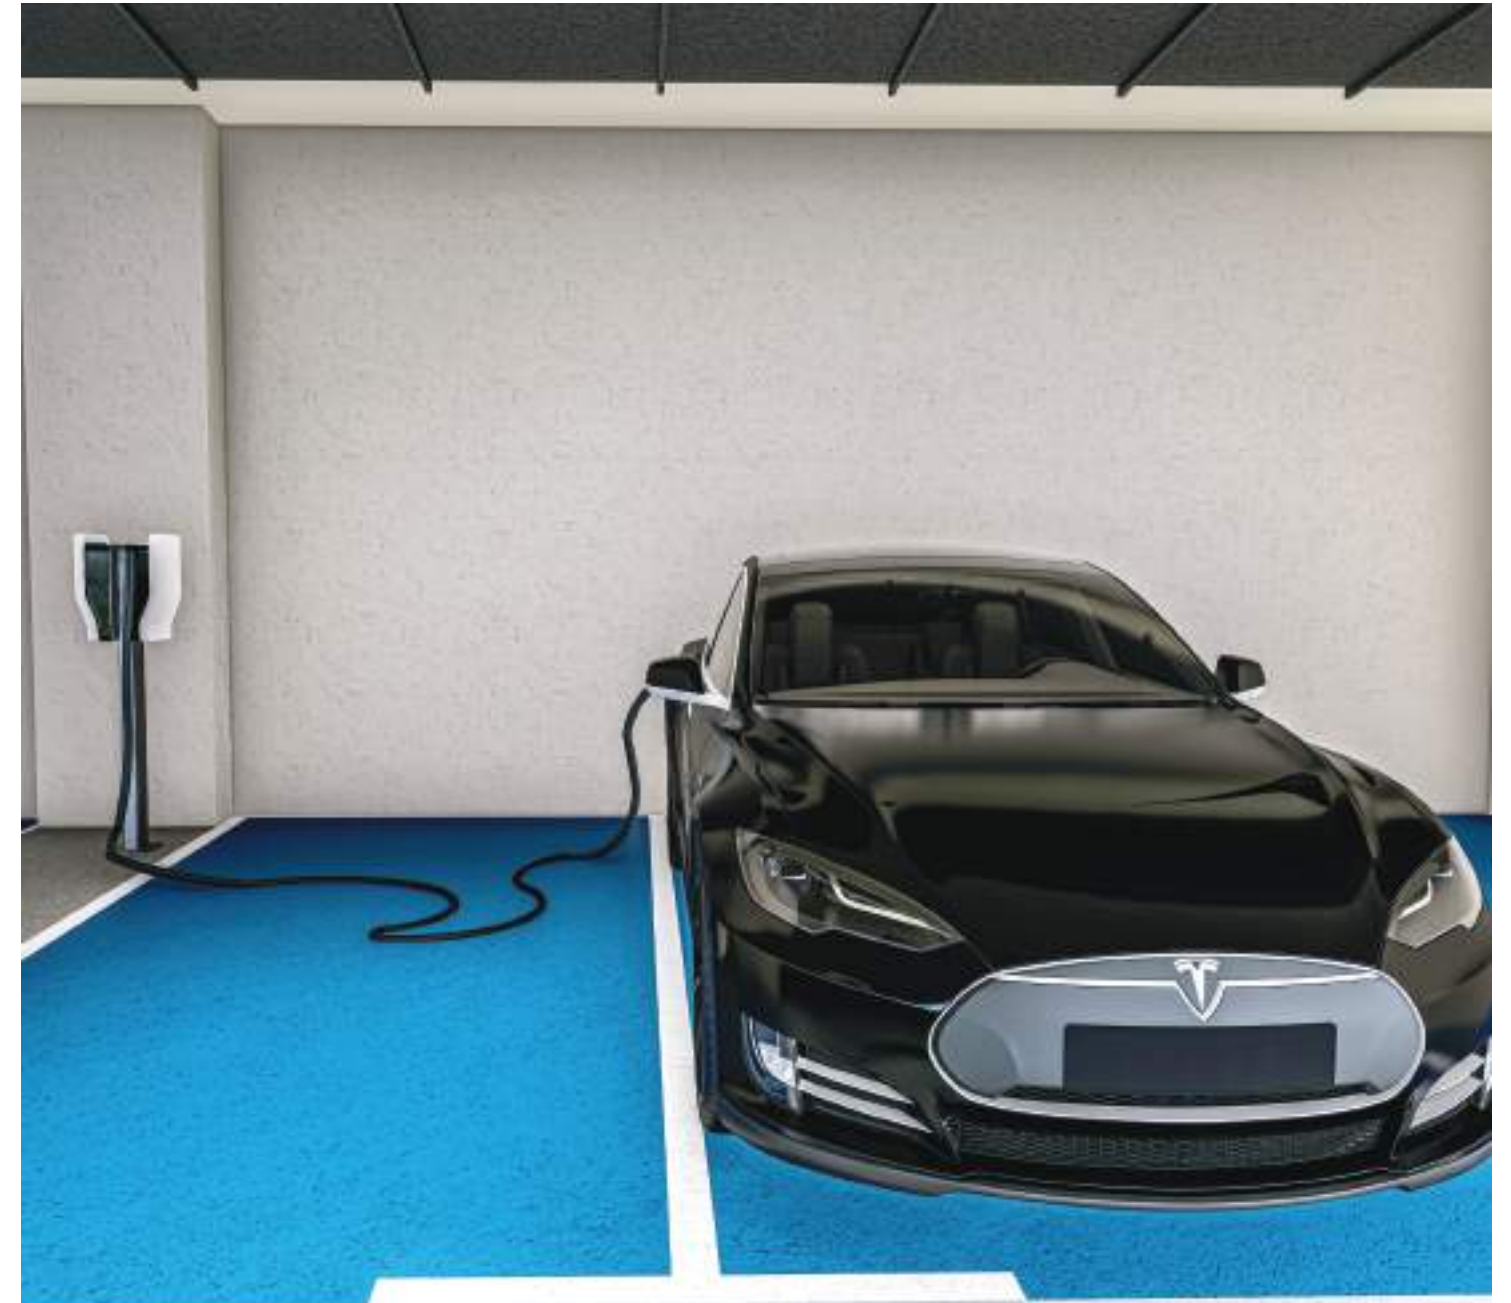

Smart Thermostat by Legrand

Legrand Smart Thermostat gives complete control of your air conditioning through your mobile devices that allows you to remotely control your apartment's air conditioning. The residents will be able to maintain temperatures for their kids at home and start the apartment's air conditioning at the time of leaving work.

Most Modern Access Control Security System

The building security system for resident access is unique for hassle-free secure entry through a 3D face recognition technology, or via a mobile phone. It has a smart code based system which allows the residents to issue QR code access pass and send it to their guests through their mobile devices thus allowing the direct access of their guests by scanning the QR code at the building entrance access panel.

Electric Car Charging

Hassle free electric car charging provisions are provided on all levels of car parking under the tower. This enables the residents to charge their electric vehicle within their designated bay without the need of moving their vehicles to some remote charging area and bringing it back.

BGM System

BGM system serves the common areas with the choice of music to soothe the ears of residents.

Smart parking access

An automatic number plate recognition System allows seamless vehicle entry and exit.

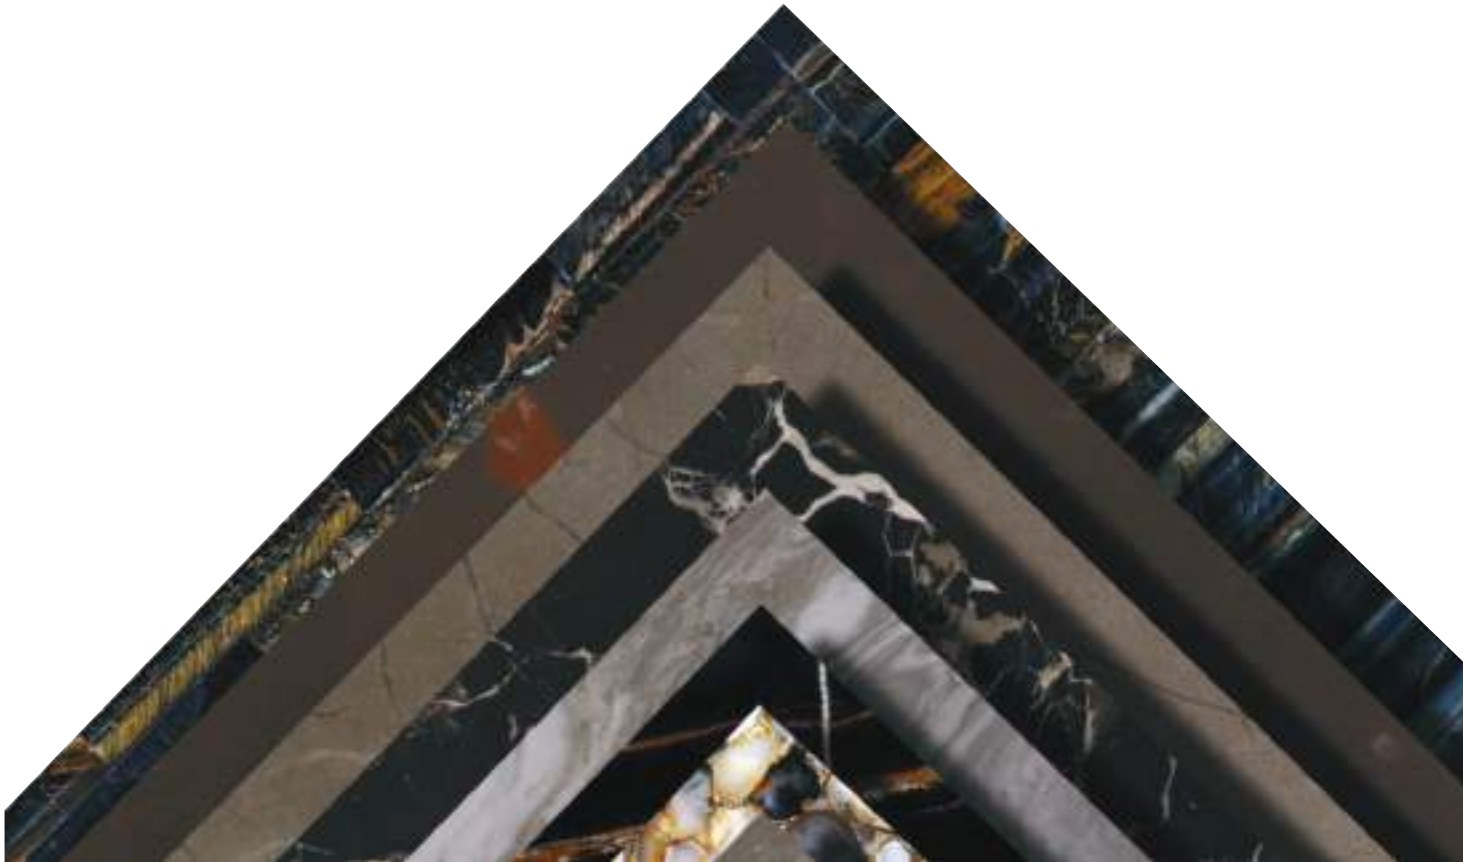

Finishes

Bathtub, sink, WC, shower heads, mixers and all bathroom accessories from KOHLER.

High quality Italian joinery with full body quartz counter tops.

High quality marble, precious stones and 120/60 cm porcelain tiles.

Doors & wardrobes made of high quality Italian finishes and ironmongeries.
