SPACES TO REENERGISE AND RECOVER
FROM LAPS TO LOUNGING

An architectural rendering of a modern urban development. In the foreground, a person in a yellow shirt and black shorts is jogging on a red running track. To the right, a large, multi-story glass-walled gym is perched on a terraced podium. The gym's interior is visible, showing people working out on treadmills. The podium has a series of wide, light-colored steps leading up to it. In the background, several tall, modern residential towers with balconies and greenery are visible against a clear blue sky. The overall scene is bright and sunny, with lush green landscaping and trees surrounding the building.

HIGH-PERFORMANCE GYM EXPERIENCE

The Rise by Athlon gym is perched within a terraced podium that flows naturally from the central park. This state-of-the-art fitness destination isn't just a gym, it's a statement of vitality.
