Thoughtful architecture
and inviting spaces

SPACES WITH SOUL

From the entrance to every shared corner, Norah is built for human connection-gentle, unspoken, intuitive.

Every detail, from layout to lighting, has been considered with care. Because when a space is designed with people in mind, it just feels different. More human. More like home.

LOBBY LIFT

The background is a solid dark navy blue. It is decorated with several thin, elegant gold lines. One line is a long, sweeping curve that starts from the left edge and arcs towards the bottom right. Another line is a shorter, more complex curve that starts from the top left, dips down, and then rises towards the top right. A third line is a straight diagonal segment in the upper right quadrant. These lines intersect to form abstract, geometric shapes, including a prominent triangle in the upper right.

A rooftop cinema setup at dusk. A large screen displays the Netflix logo in red. The screen is surrounded by a wooden deck with several white, tufted lounge chairs. To the right, there is a garden with red and white flowers, illuminated by warm lights. The sky is a mix of blue and orange, suggesting sunset or sunrise. A modern building with a slatted facade is visible on the left.
