PALM JUMEIRAH

A NEW WAVE OF LUXURY

An aerial photograph of a small motorboat moving through deep blue water. The boat, which has a white cabin and a wooden deck, is positioned at the top of the frame. It has just completed a sharp turn, leaving behind a large, circular, white wake that dominates the center of the image. The water's surface is textured with small waves and ripples. The text "ONE OF THE FINEST" is centered over the circular wake in a white, serif font.

LOCATED AT PALM JUMEIRAH

With nearly 20 years of storied history, Palm Jumeirah Dubai is undergoing its most significant evolution to date.

As one of the world's most daring developments, the Palm Jumeirah in Dubai is a haven for vacationers. Jutting out into the Arabian Gulf, this artificial archipelago was built in the shape of a palm tree, with a 3-mile-long trunk and a fan of fronds lined with luxury villas and five-star hotels.

The seamless combination of art and craft within The Residences at One Crescent comes to life through the exquisite materiality found throughout the building.

STREAMLINED FORMS

Taking inspiration from the streamlined forms of luxury yacht design the interior is distinctive and timeless.

Clean lined contemporary paneling, warm natural toned timbers, restrained accents of marble and leather to bring colour and texture to the interior hardscape.

The background of the entire image is a close-up of a marble surface. It features a complex pattern of veins in shades of light grey, off-white, and muted reddish-brown. The veins are irregular and flow across the frame, creating a sense of depth and texture. The lighting is soft, highlighting the natural grain of the stone.
